ABOUT US**

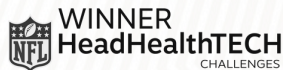

GUARDIAN[®] | CAP

LEADING, IMPACT REDUCING SOFT-SHELL HELMET COVER

The Guardian Cap brings a padded, soft-shell layer to the outside of hard-shell helmets, reducing impact of daily hits in football, lacrosse and hockey.

Technology validated and mandated by the NFL and worn by 500,000+ youth to pro athletes nationwide.

GUARDIAN[™] | CHINSTRAP

FIRST EVER SAFETY CHINSTRAP

The Guardian Chinstrap is the first and only safety-focused chinstrap developed by Guardian Sports and SoftShox. Designed to enhance player protection, this innovative chinstrap incorporates advanced impact-absorbing technology, setting a new standard in helmet safety. Approximately 50% of impacts occur to the facemask, where today's helmets underperform.
