TECHNOLOGY	BENEFIT
Soft-Shell Helmet Cover	Better protects athletes from the impact of daily blows.
One Size Fits All	Fits all football helmets from youth-adult.
Preserves Helmet	Less wear and tear on helmet paint, decals, & flex panels. It does not alter the helmet.
Lightweight	Weights less than 7 ounces. Attaches to itself with snaps and Velcro.
Moves Independently	Four elastic straps allow shifting at impact, redirecting energy.
Quiet	Dampens soundwaves and vibrations, removing loud “crack” of the helmet
Insulates	Reduces radiant heat from sunlight up to 20°
Organizational Uses	Permitted for play by AYF, NFHS, Colleges, CFL & NFL. Worn by over 500+ colleges, 5000+ high schools, 1000 youth teams.
Validated	Technology validated and mandated by the NFL
Customization	Can customize Caps with vinyl numbers & decals, gameday pinnie caps

No helmet, headgear, or chinstrap can prevent or eliminate the risk of concussions or other serious head injuries while playing sports or otherwise. Researchers have not reached an agreement on how the results of impact attenuation tests relate to concussions or other injuries. No conclusions about a reduction of risk or severity of concussive injury or other injury risk should be drawn from impact attenuation tests. All headgear and chinstraps must be used along with properly fit and maintained helmets.
